Lisa Fontaine Design Studio

Lisa Fontaine Design Studio, LLC is a woman-owned business led by Lisa who is self-motivated & driven by challenges. Starting her own company was naturally the next endeavor in her journey as an interior designer.

With a career spanning over 15 years, Lisa specializes in residential interiors and has earned a reputation for combining the unexpected with beautiful textures & bold patterns. She has a deep commitment to each project by designing unique interiors that personally relates to each client's story.

Prior to owning her own business, Lisa was a Senior Designer/ Project Manager for a Model Home Design firm in Scottsdale, AZ. She oversaw a team of designers and had close working relationships with many of the Home Builders in Arizona as well as in Nevada & California.

Lisa finds her inspiration in the culture of Historic Downtown Phoenix. She creates interest in mixing tones & textures by using the outdoors as her muse. By blending vintage furnishings with modern décor Lisa designs timeless spaces. Her current personal project is studying the architectural details of historic buildings & homes to design pattern ideas for a new fabric line!

Recently, Lisa hosted an intimate affair at her office located at the historic landmark, The McKinley Club in downtown Phoenix. The guest list included clients, vendors and friends of the studio. Guests were treated with a Wine Tasting hosted by Central Wine highlighting Arizona wines. Supporting local business was a continuing theme of the evening as guests sampled a delicious menu of savory and sweet flavors provided by Jewel's Bakery & Café. The evening culminated with a raffle for two gift baskets with swag from Lisa's favorite local restaurants, boutiques, bakeries, wine and more! Photographer Fawn DeViney captured the evening's events and displayed a polaroid camera photo booth for guests to snap instant memories!

The evening was made possible with generous support from Kravet, Bedrosians, Horizon Art, Phoenix Home & Garden Magazine, CAI Designs Scottsdale, Pindler & Pindler, Alyshaan Fine Rugs, Helser Brothers Drapery Hardware and Classy Closets.
